Re-Solv

Sponsorship Form

FACT - Solvent abuse can kill instantly - it can happen at anytime.
FACT - Solvent abuse still tends to be the first substance that young people experiment with, especially if they start at a younger age.
FACT - The youngest UK death from solvent abuse was aged just 7 years old.

Please help Re-Solv to continue its vital work. Just fill in your name, address and sponsor this person for as much as you can afford. The cash you give will go towards projects that educate young people about the risks involved in abusing solvents. On behalf of them, we thank you.
